Ai EDMP COURSE

Overview

At NIDM India, we offer a comprehensive **Entrepreneurship and Digital Marketing Program** with **AI tools** designed to equip individuals with the knowledge and skills necessary to excel in the digital marketing landscape and thrive as entrepreneurs. Our program is tailored to provide a blend of theoretical knowledge and practical training, ensuring students are well-prepared for the **dynamic world of Digital Marketing and Entrepreneurship**.

✔ Comprehensive Curriculum:

Our program encompasses over 55+ modules, 100+ tools, and AI tools covering a wide range of digital marketing disciplines, including SEO, SEM, social media marketing, email marketing, content marketing, ...

✔ Practical Learning:

Students have the opportunity to work on real-time projects, gaining hands-on experience and agency-based learning to apply their knowledge in practical scenarios.

✔ Industry Expertise:

Learn from experienced industry professionals and educators who bring real-world insights and expertise to the program.

✔ Real Time Projects

We offer 100% Practical Sessions on Real time Projects to gain experience.

✔ Internship and Certification:

The program offers internship opportunities and provides 10+ certifications, ensuring that students are well-prepared to enter the workforce with recognized credentials.

✔ Entrepreneurship Focus:

Our program also emphasizes entrepreneurship, providing students with the knowledge and skills necessary to navigate the startup & entrepreneurial landscape, develop business strategies, and leverage digital marketing for business growth and success.

✔ Career Opportunities:

Upon completion of the program with our guidance, students can pursue diverse career paths in digital marketing, with the potential for lucrative compensation and opportunities for growth.

The Entrepreneurship and Digital Marketing with AI tools Program at NIDM India is designed to empower individuals with the **expertise and practical experience** needed to thrive in the digital marketing industry and excel as entrepreneurs. Focusing on practical learning, industry expertise, and **100% placement support**, our program is tailored to prepare students for successful careers in the **Dynamic world of Digital Marketing**.

Join NIDM India today and embark on a rewarding journey towards mastering digital marketing and entrepreneurship.

Who can apply for

Ai ENTREPRENEURSHIP AND DIGITAL MARKETING

As more businesses move online and innovative new technologies keep developing, the growth in digital marketing continues to surge. The way we communicate and interact with brands is now predominantly done online, which means businesses that don't utilize digital marketing tools will inevitably get left behind.

Digital marketing continues to grow in popularity as businesses move online. **Over 60% of the world's population uses the internet for an average of seven hours daily.** The field of digital marketing is diverse and offers many different opportunities like social media marketing, web optimization, Paid ads, SEO, Mobile, Email marketing, and more. For these reasons, learning digital marketing can open doors to **economic opportunities for businesses.**

- ✔ Marketing Executives, Marketing Managers, Brand Managers and Digital Marketing Managers who want to take their career to the next level.
- ✔ Directors and senior leaders who want to shape a digital marketing strategy, build their brand and create an integrated approach to digital across the organisation.
- ✔ Students who want advanced skills in digital marketing to fast track their career.
- ✔ IT Managers, Product Managers, Sales Managers etc who are looking to broaden their skills and work more collaboratively to accelerate digital transformation in their organisation.
- ✔ CEOs and entrepreneurs who want to grow their business online with digital marketing strategies.
- ✔ Anyone looking to build AI skills to future-proof their career and become a freelance.

What you will Learn

- ✔ Analyse digital marketing models and apply these models in practice.
- ✔ Evaluate the challenges and opportunities to use digital channels to meet marketing objectives.
- ✔ Evaluate the relationship between customer experience and organizational performance.
- ✔ Understand SEO, Paid Ads, Content Marketing, and marketing techniques from Industry experts.
- ✔ Assess digital marketing activities within an organization and learn AI tools.
- ✔ Evaluate the different techniques and behaviors for supporting personal and professional effectiveness.
